

NEW
SILENT LOCKING SYSTEM

SilentLock by Vetinox

SilentLock ⊕ comfort, ⊖ noise...

In its drive for continuous improvement, VETINOX has developed a **NEW generation of locking system** for its stainless steel and polyester cages.

- ✓ **SILENT** : significantly improves sound comfort for a more peaceful environment.
- ✓ **SOFT & HEAVY DUTY** : made from a high-performance material it guarantees outstanding resistance to intensive use.
- ✓ **ERGONOMIC** : smooth and safe handling for an optimal user experience.

All new orders received after **March 3rd** will be equipped with this new innovative locking system. Pending orders will be fitted with the current stainless-steel locking system.
